

## GemSeal<sup>®</sup> FAST-DRY LATEX MARKING PAINT

GemSeal<sup>®</sup> Fast-Dry Latex Marking Paint is a fast drying, 100% acrylic latex marking paint formulated and recommended for air or airless spray. It can be used over concrete, asphalt, or brick. Indoor and outdoor uses include: painting center lines, edge lines, auxiliary markings of highways, airport runways, crosswalks, curbs, stop zones, parking lots, storage zones, and traffic aisles. Ready to use – no thinning required.

- Fast Drying – Open to foot traffic in 5 to 10 minutes. Open to vehicle traffic in 15 to 20 minutes.
- LOW VOC – Only 90 Grams per liter, within limits for all 50 states.
- Water based.
- Meets Federal Specification TT-P-1952E Type II.
- Great for night striping.

## GemSeal<sup>®</sup> ACETONE ACRYLIC TRAFFIC AND ZONE MARKING PAINT

GemSeal<sup>®</sup> Acetone Acrylic Traffic and Zone Marking Paint is a heavy-duty, fast-drying, acetone-based acrylic marking paint formulated for excellent film build and better resistance to traffic wear and weather. It can be used over many surfaces, including freshly applied sealcoat or asphalt. It may also be used over concrete, asphalt, or brick. Indoor and outdoor uses include: painting center lines, edge lines, auxiliary markings of highways, airport runways, crosswalks, curbs, stop zones, parking lots, storage zones, and traffic aisles. Ready to use – no thinning required.

- Fast Drying – Open to foot traffic in 5 to 10 minutes. Drive on asphaltic pavements in less than 20 minutes.
- LOW VOC – Only 89 Grams per liter, within limits for all 50 states.
- Acetone based – Can be applied over fresh sealcoat or asphalt.
- Meets Federal Specification A-A-2886B Type II.
- Ready to spray – No reduction needed.
